

**SCHOOL OF ENVIRONMENTAL TECHNOLOGY,
DEPARTMENT OF ARCHITECTURE.**

Project Brief for Arc 525. 2018/2019 Session

Course title: Interior Design

You are required to design an interior space of any building type of your choice (excluding the residential building). The design of this space is to emphasize topics discussed in class such colour, furniture and indoor plants.

Requirements include:

- ▶ A Floor plan (interior)
- ▶ Interior renders (Min 2 views)
- ▶ Colour scheme
- ▶ Furniture grouping
- ▶ Concept//Idea (No more than 100 words). e.g

The concept behind the design of a nursery interior for a baby girl is to create an indoor environment that is vibrant yet calming. The space is to create a sense of tranquillity with oneself, free from clutter.

*****Note**

Presentation is on an **A1 sized photo block**

Submission is on or before **31st October 2019**

Course Lecturer: S.A Kolo
