- Do **not** use red pen
- Please use a clear handwriting
- This exam is closed book, closed notes, closed laptop and closed cell phone
- Please use non-programmable calculators only

1. Despite the revolution in printing industry with the advent of digital printing, letterpress printing is still being used extensively in the third world countries today?

Outline and discuss five important functions of letterpress.

2. List five types of printing that you know and describe their basic working process.
3. Write note on the following:
Camera-ready-copy
Pre-press
Saddle Stitching
Pre-sensitized plates
Post-press/Finishing
4. What is on-demand printing? How does this category of printing meet the requirement of commercial printing?
