Opeyemi Abisoye, Kiddams Joshua, Abisoye Blessing:

We have reached a decision regarding your submission to Agricultural Engineering International: CIGR Journal, "Development of a Blockchain-Internet of Things (IoT) Security Framework".

Our decision is to: Accept Submission

Manuscript has been read.

The manuscript is well written. Kindly note the following:

- It is always good to introduce acronyms at first use, particularly for an interdisciplinary journal like cigr journal. For instance, NIST (National Institute for Standards and Technology) may be common to some, but not so for other readers of the journal.
- Some references were listed under the Reference section though they were not cited in the body of the work. Please correct, and be sure that there are none cited but not listed.
- Please see other comments placed on the manuscript

Recommendation: Revisions Required
